

# FORM

SHAPE  
YOUR  
SPACE

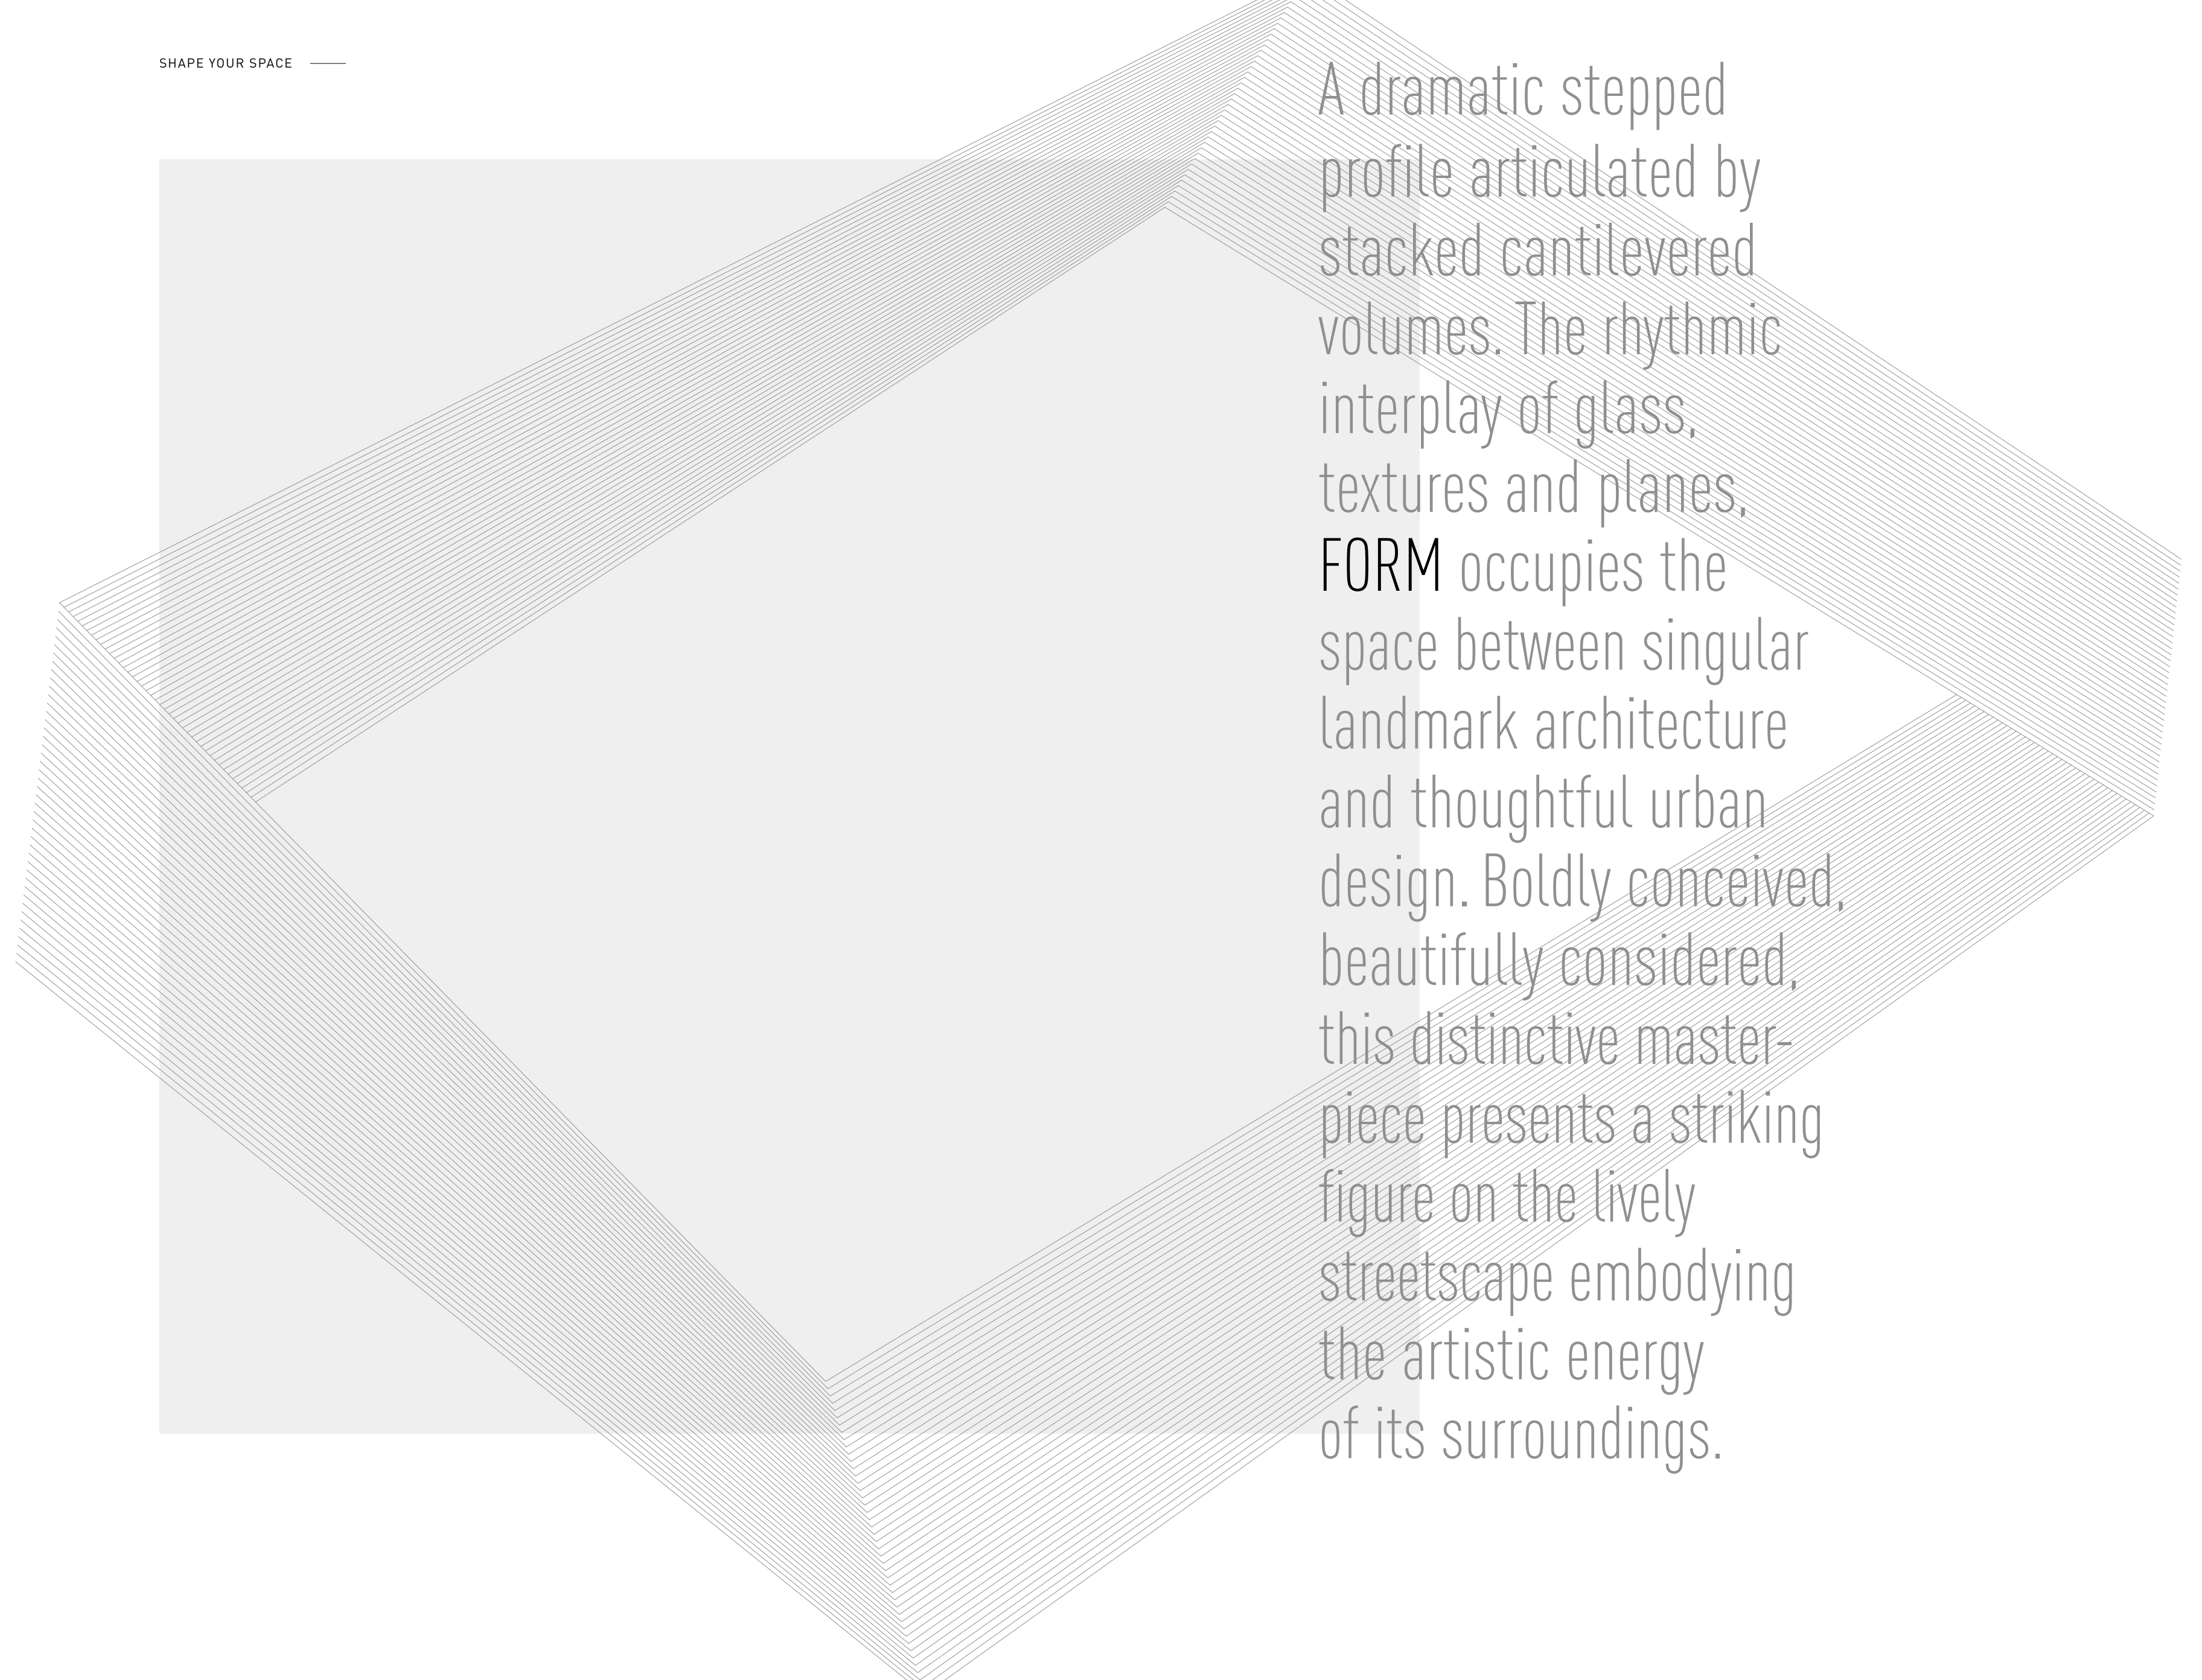

New dimensions.  
Life redefined.  
A place in  
which art and  
architecture shape  
the imagination.  
Where boundaries  
are pushed,  
limits defied  
and the expected  
gives way to  
the exceptional.  
This is where  
inspiration takes  
**FORM.**

A dramatic stepped profile articulated by stacked cantilevered volumes. The rhythmic interplay of glass, textures and planes, **FORM** occupies the space between singular landmark architecture and thoughtful urban design. Boldly conceived, beautifully considered, this distinctive masterpiece presents a striking figure on the lively streetscape embodying the artistic energy of its surroundings.

50 McCaul

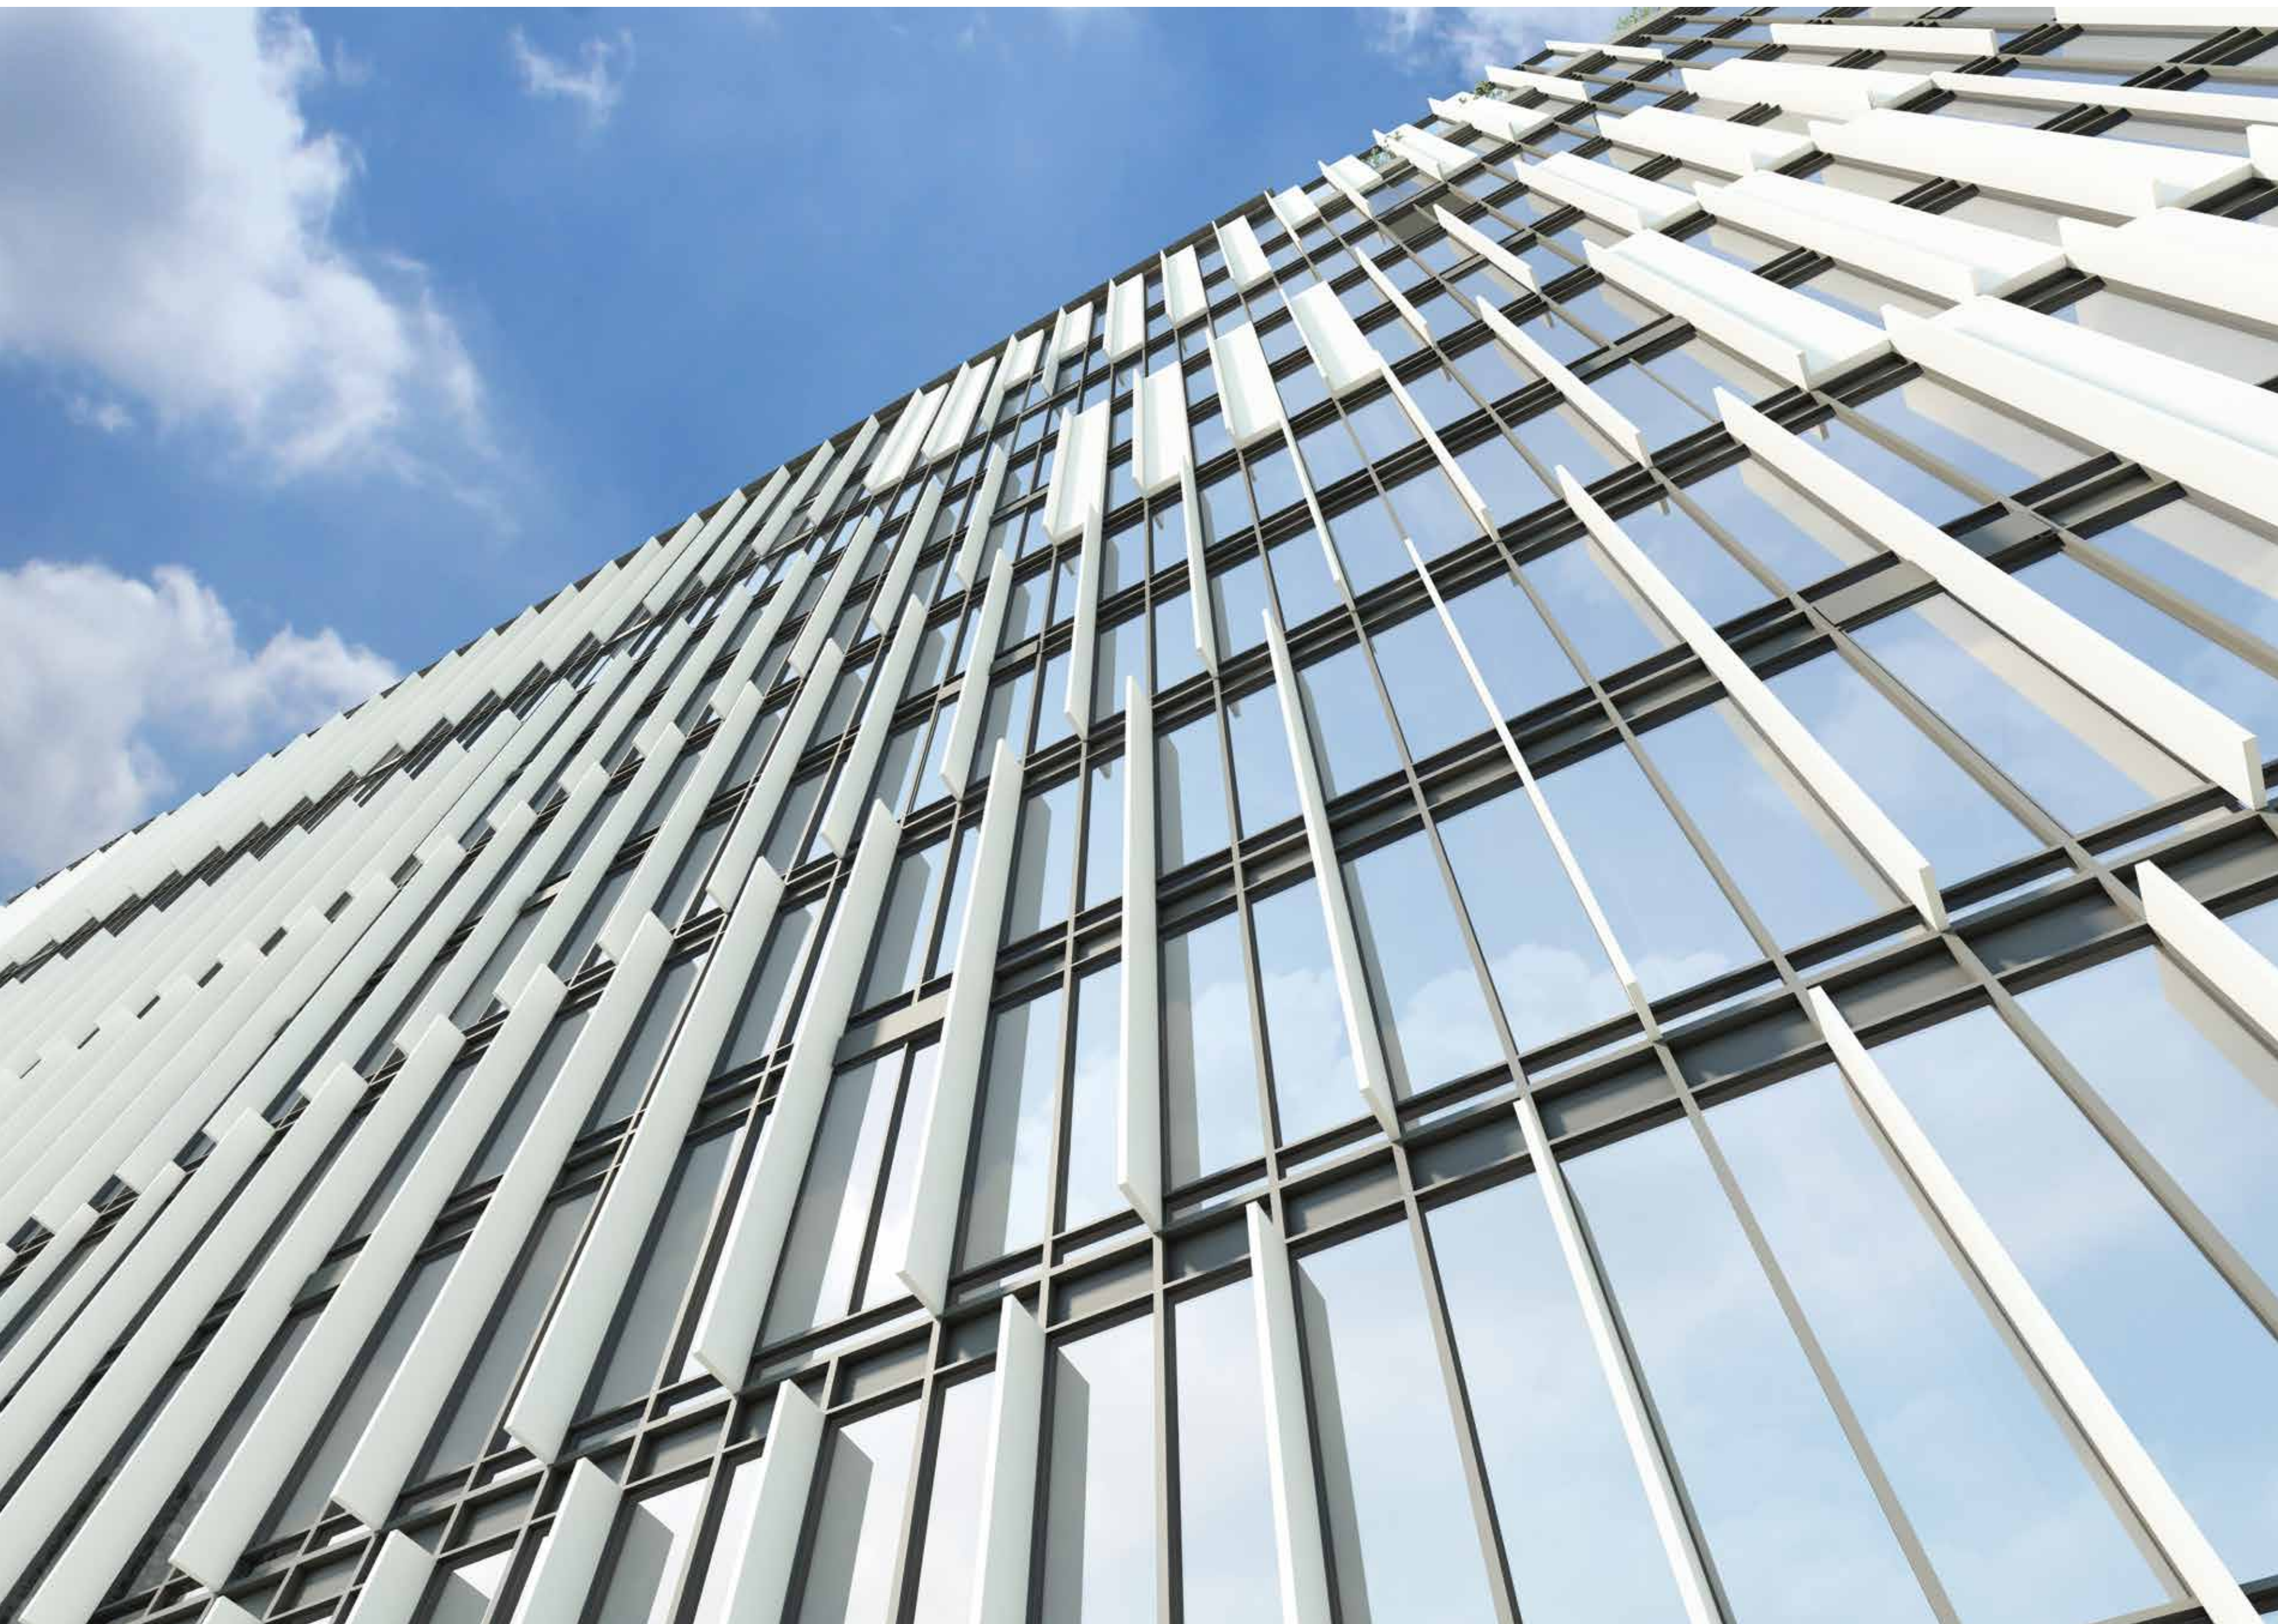

McCAUL STREET ENTRANCE

A composition of contrasts, FORM's exterior skillfully integrates elements of shape, line and space, while incorporating contemporary materials including grey spandrel glass and pewter window wall glazing offset by white concrete panels and extruded aluminum fins. The integrative design continues at street level where expansive windows lend the base an airiness that reinforces the building's daring inverted stance.

LIFE IS  
YOUR  
INSPIR-  
ATION

The background features a light gray rectangular area on the left. Overlapping this and extending to the right are several large, overlapping geometric shapes, primarily triangles and parallelograms, formed by multiple parallel lines. These lines create a sense of depth and movement, resembling a stylized architectural or artistic structure. The overall aesthetic is clean, modern, and minimalist.

At the centre  
of a vibrant art  
scene thrives  
a community  
defined by culture  
and creativity.  
From emerging  
artist openings  
at OCAD to inter-  
nationally-renowned  
exhibitions at the  
AGO, the distinct  
artistic character  
of this ever-creative  
neighbourhood  
is always visible  
and constantly  
bringing life to  
**FORM.**
