A detailed map of the Kamenický hradec region in the Czech Republic is shown. Several red, house-shaped markers are placed on the map, indicating specific locations. A large, ornate brass key is positioned diagonally across the map, with its head pointing towards the top right. The map includes various place names such as Kamenický hradec, Kamenice, Lúčka, Milpoš, Poloký, Hanigovský, Cergov, Lysá, Hradová h., Geraltov, Radčovice, and Demjata. The text "WHICH AREA DO YOU START AT?" is overlaid in large, white, bold capital letters across the center of the image.

AREA 1

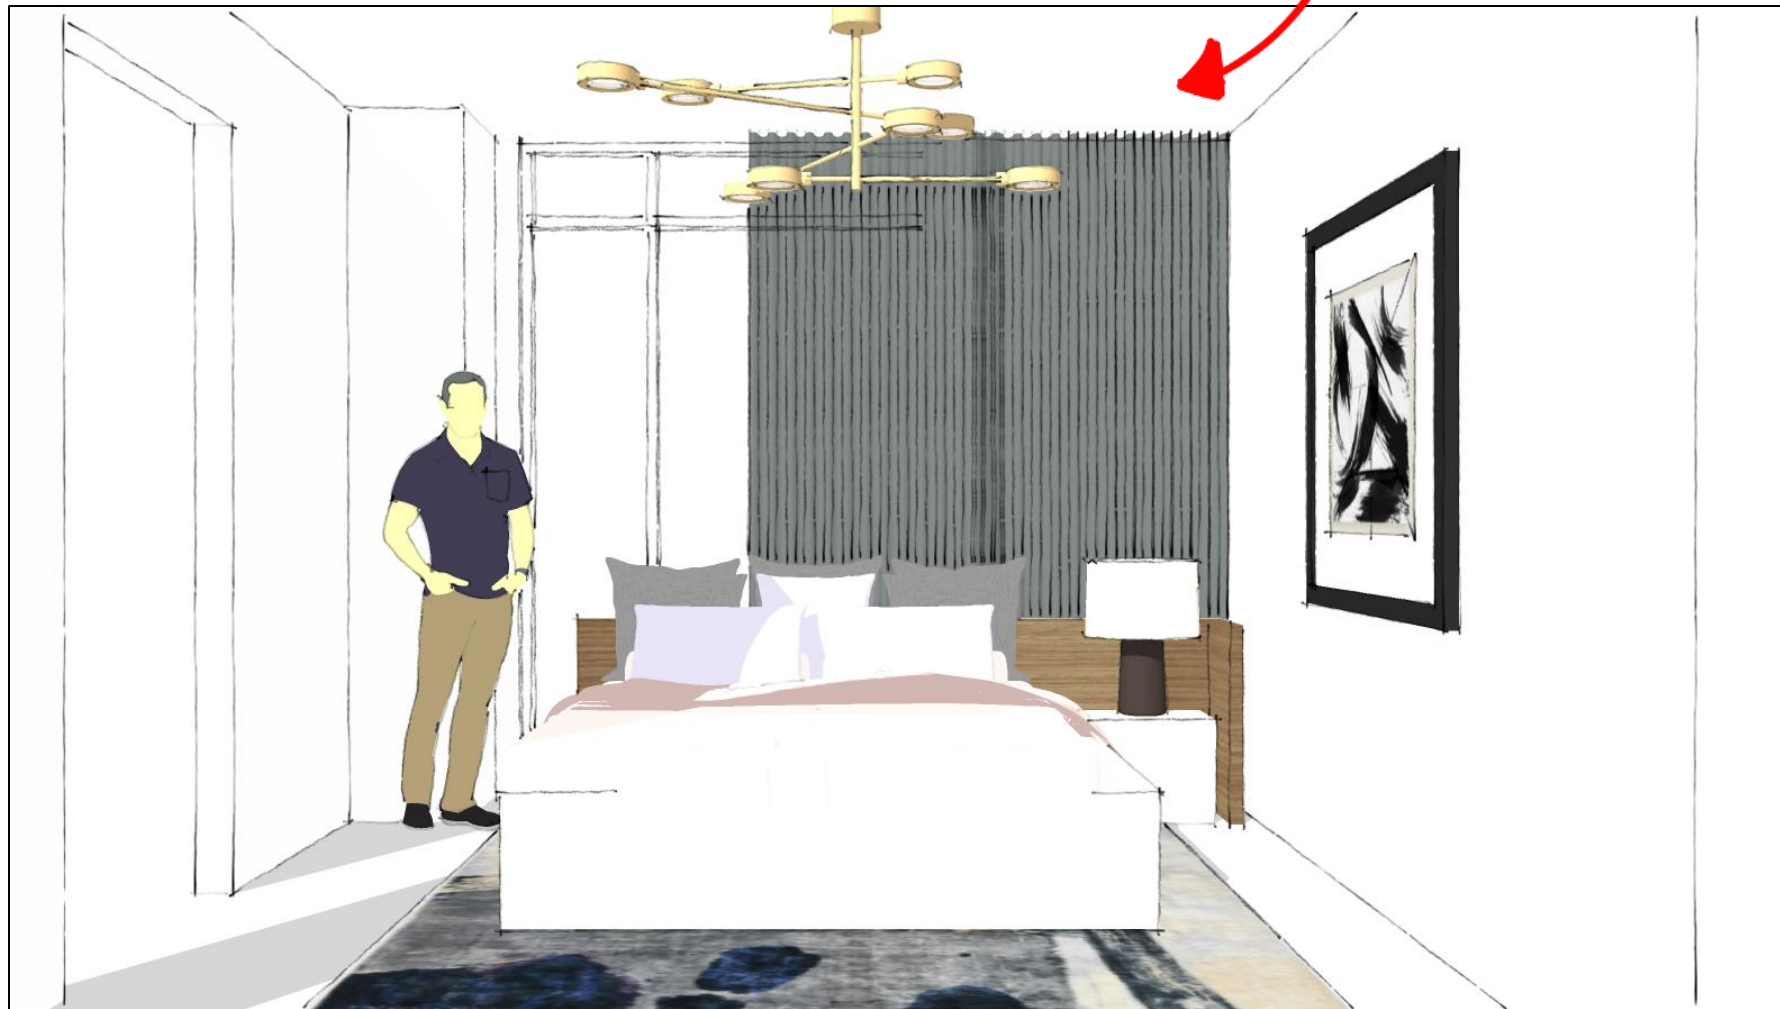

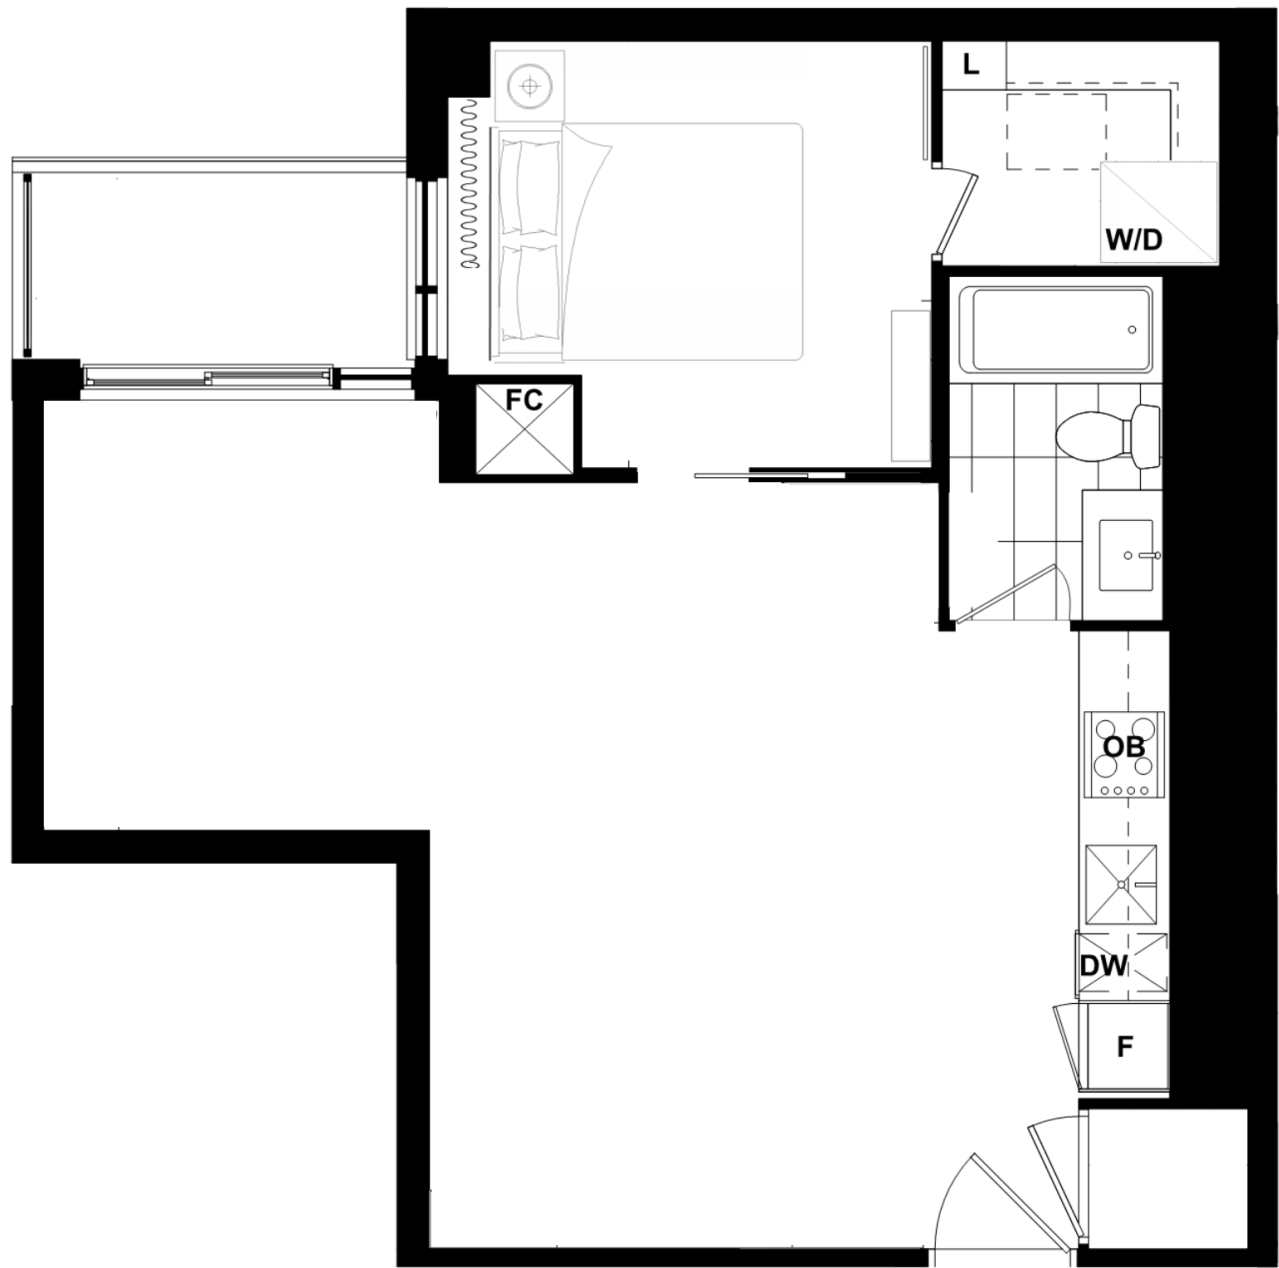

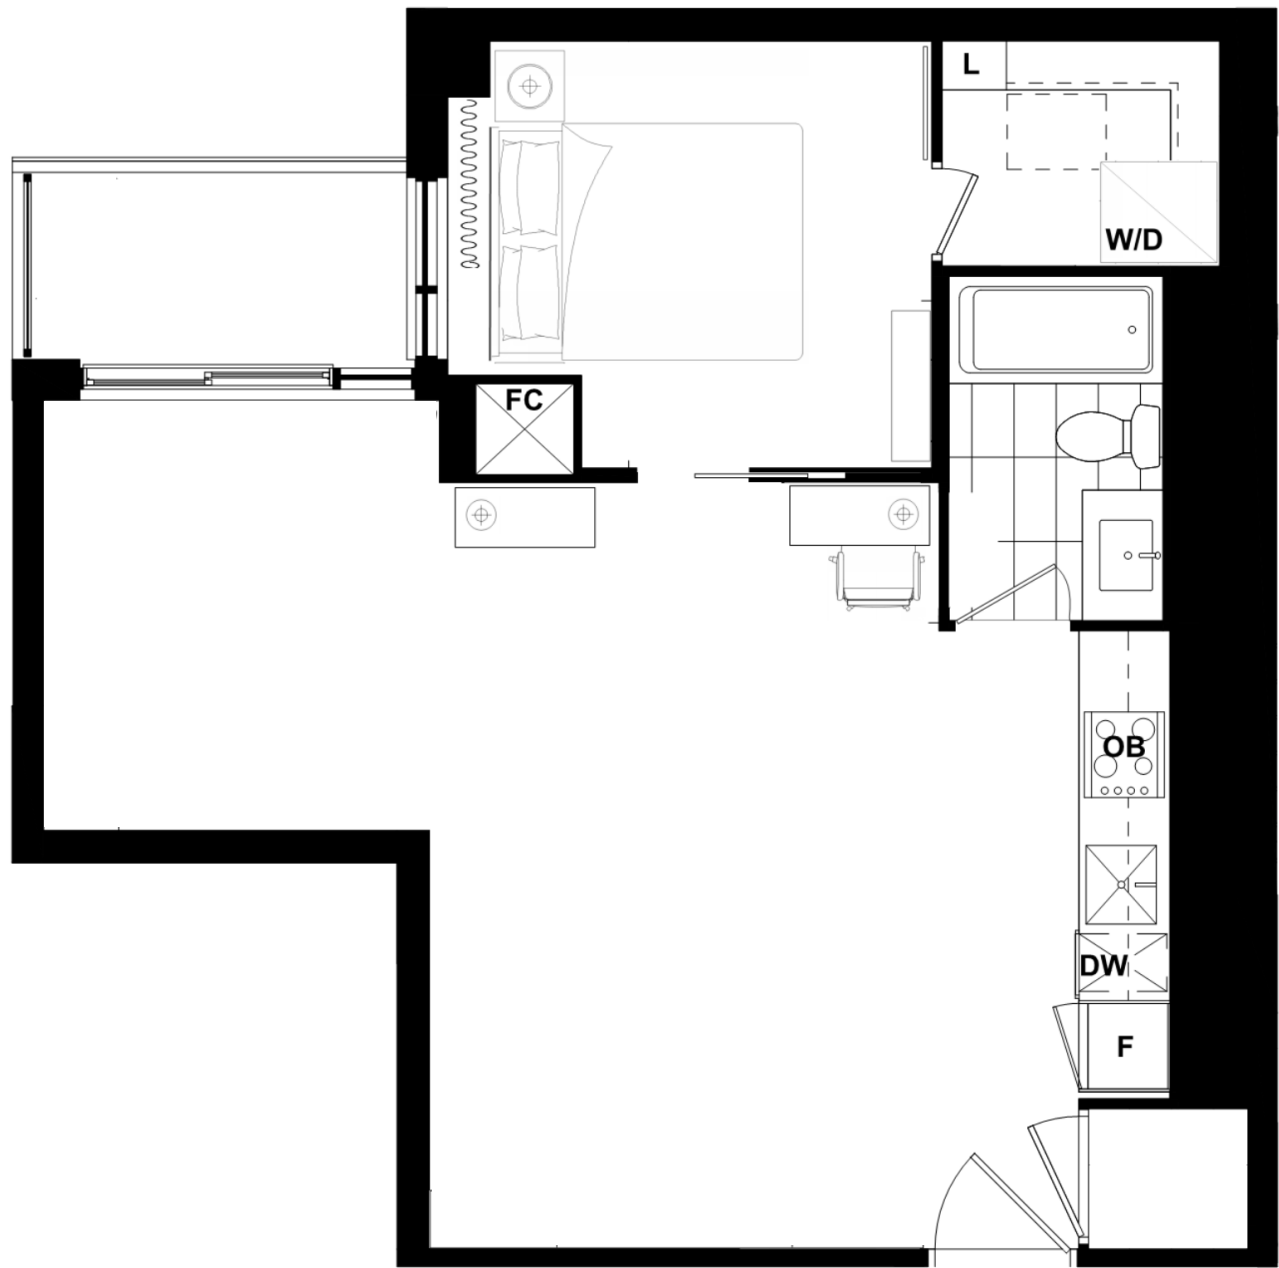

Drapery acts as focal point and headboard

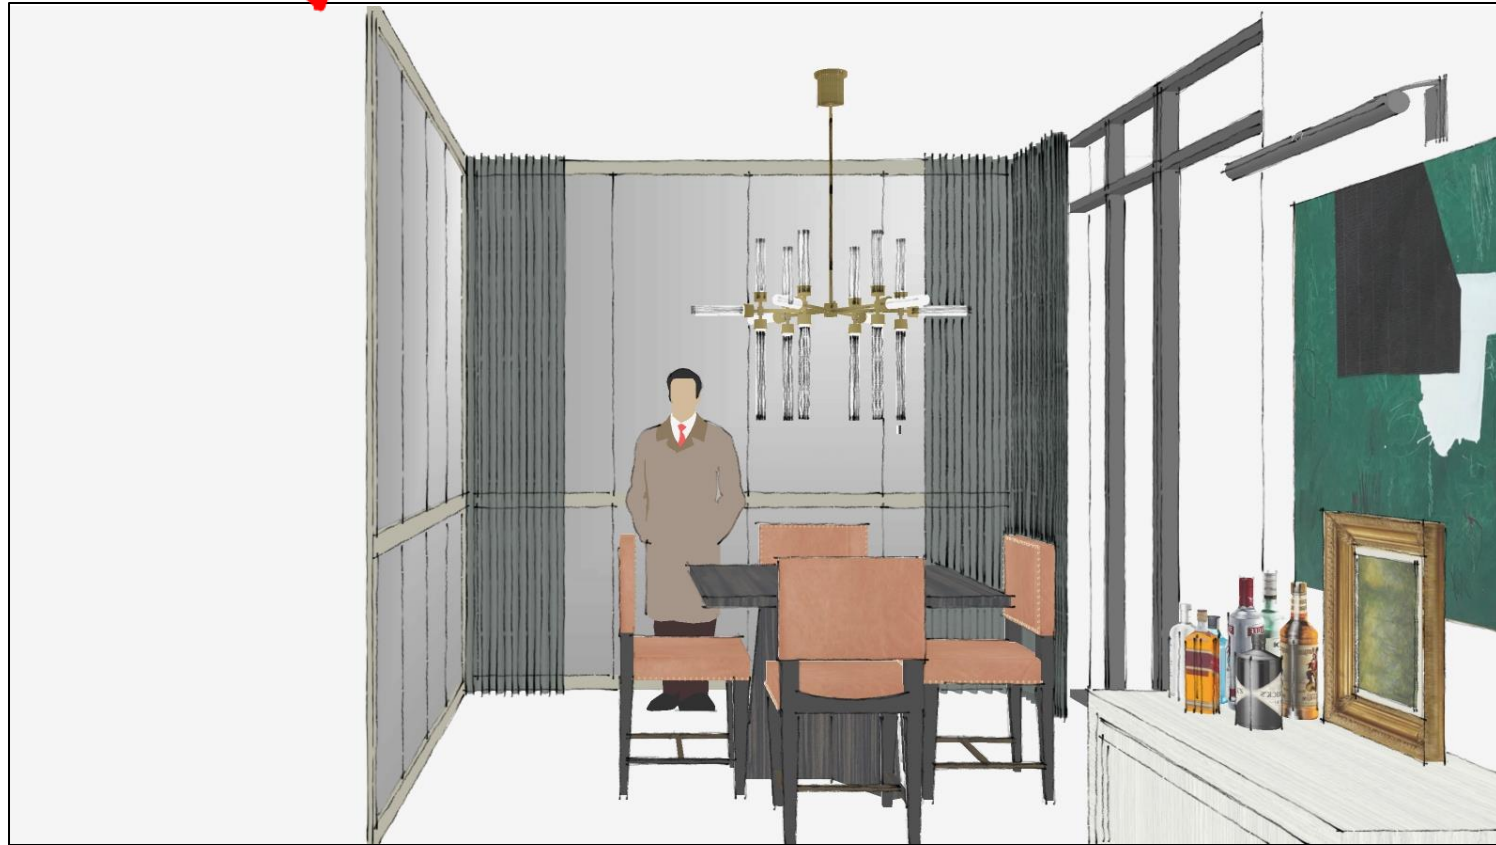

**Large painting on far
bedroom wall draws eye
further into the space**

**Mirrored wall reflects
light into the suite and
makes the space feel

AREA 2

Improved temperature control through use of window coverings

- Open drapes should clear the window
- Hang as close to the ceiling as possible
- Allow for .5" to 1" gap from floor

FORM AND FUNCTION

Window coverings will assist your heating and cooling system, allowing it to better control the temperature in your home. They have a dramatic visual impact when correctly executed.

MULTI USE MEDIA

Integrating the TV with a storage solution reduces its visual impact on the space, and prevents it from becoming the focal point of the entire space. There are endless ways at a variety of price points to achieve this.
